

REMINGTON COLLEGE POLICY AND PROCEDURE (RPOP)

Title:	Drug and Alcohol Program Policy and Procedure
Effective Date:	December 21, 2021
Prepared By:	Remington College Legal Department
Reviewed By:	Remington College Legal Department and Directors of Campus Administration

I. Background

Remington College is required by the Drug Free Schools and Communities Act Amendments of 1989 (the “Act”) to adopt and implement a Drug and Alcohol Program (“DAP”) to prevent the use of illicit drugs and the abuse of alcohol by students and employees. In accordance with this requirement, all Remington College campuses, and locations (together “Remington College” or the “College”) are committed to providing a healthy and safe learning environment for all students, employees, and guests.

Illegal use of drugs and the abuse of drugs and alcohol disrupt this environment and interferes with the academic and personal development of the students and personal and professional development of employees. As such, Remington College enforces a strict policy against the use or possession of illegal drugs, as well as the unapproved use, misuse or abuse of prescription medication, and/or alcohol. Such anti-drug and alcohol policies can help minimize drug and alcohol abuse through awareness, support and, when warranted, disciplinary actions, but it is up to every employee and student at Remington College to make an individual effort to prevent the illegal and improper use of drugs and abuse of alcohol.

Remington College students and employees may be subject to civil liability resulting from violation of the laws regarding drug and/or alcohol abuse. Such liability may exist independently of any disciplinary action taken by Remington College for violation of its policies (which includes violation of pertinent laws).

Further, in addition to the above-referenced prohibition against the illegal and improper use of drugs and alcohol, Remington College prohibits the use of tobacco products inside any College building. This policy applies equally to all employees, students, and visitors.

The DAP, described herein, shall be distributed annually to every student and employee of Remington College. Additional copies of the DAP can be obtained from the Director of Campus Administration at each Remington College campus location nationally or from an HR Representative at the one of the Administrative Offices in Lake Mary, Florida and Knoxville, Tennessee.

II. Student and Employee Drug and Alcohol Abuse Policies

A. Student Drug and Alcohol Abuse Policy

All Remington College properties are designated as drug-free and alcohol-free environments. For purposes of this policy, “Remington College activities” include those activities that are planned, promoted, or sponsored by Remington College and/or student externship sites, including student organization events, and “Remington College property” includes Remington College owned or leased land, facilities, vehicles, and/or equipment.

Students may not manufacture, possess, use, sell, distribute, dispense, receive, or transport any controlled substances, illicit drugs, or alcohol while on Remington College property and/or participating in Remington College activities. This includes all forms of narcotics, hallucinogens, depressants,

stimulants, and other drugs whose use, possession, or transfer is restricted or prohibited by law. Additionally, students may not be under the influence of alcohol, illegal drugs, or un-prescribed and/or improperly used controlled substances in any manner while on Remington College property and/or participating in any Remington College activities, whether or not consumed on campus premises or outside of the campus' operating hours.

Students who engage in such behavior shall be in violation of the Student Conduct and Discipline Policy and will be subject to disciplinary action, up to and including expulsion, as well as possible, referral for prosecution. Sanctions may also include referrals for appropriate rehabilitation.

Remington College reserves the right to implement several kinds of drug/alcohol testing for students at all locations. The following is a list of drug and alcohol tests that Remington College reserves the right to conduct in accordance with state and federal laws:
